

COMMUNITY NETWORK DEVELOPMENT WORKGROUP MEETING ANNOUNCEMENT

To: LTCIP Community Network Development Workgroup Members
From: Leslie Hine-Rabichow-Chair

The next Community Network Development Workgroup meeting is:

**Monday, October 21, 2002
9:00 AM-11:00 AM
Aging & Independence Services
Hazard View Room
9335 Hazard Way
San Diego, CA 92123**

The group will continue discussions regarding the best ways for community-based organizations (CBO) to form marketable networks in order to effectively negotiate contracts with larger health care organizations.

To help ensure survival in the rapidly changing health care environment, it is crucial for leaders of all types of CBOs to attend these meetings and acquire information that can assist in strategic planning efforts. It is also important to remember that while the CND workgroup provides community-based organizations with an abundance of tools and information, it is up to individual leadership teams to put forth the effort to apply this knowledge to their own organizations.

All interested parties are encouraged to attend. Please extend the invitation to colleagues and anyone else that you think may be interested! For more information, contact Leslie Hine-Rabichow at 619-518-5182 or Sandan1@cox.net.
